

## **2004 CSR Conference Breakout Presenters**

In addition to NCREL personnel who will present on the issue of research-based practices that work, Indiana University is sending presenters who will share the findings and conclusions of our latest statewide CSR evaluation. These topics will have timely and useful information for you and will be presented in both the morning and afternoon.

### **NCREL/Learning Points**

“Identifying Research-Based Solutions for School Improvement”

### **Indiana University Education Policy Center**

“Michigan’s CSR Statewide Evaluation Findings and Conclusions for School Use”

The opportunity to hear from other schools that are having success with their reform effort is always an important part of the Annual Conference. The schools listed below will be presenting during the breakout sessions.
